Atty. Ref.: No.: Q96499  
Preliminary Amendment

**Please add the following new Abstract of the Disclosure:**

The invention relates to a method for the production of a patterned linoleum sheet, comprising the steps: a) application of a non-linoleum material to at least a part of the surface of a green linoleum and/or introduction of a non-linoleum material into given recesses in the green linoleum, or a') application of a non-linoleum material in the form of a solution, a paste, a suspension or a dispersion onto the scraped linoleum mixture and calendering of the scraped linoleum mixture provided with the non-linoleum material to give a green linoleum, b) cutting the green linoleum thus obtained into pieces of given length, c) overlaying the cut green linoleum pieces to give a tiled stack of sheets and d) calendering the tiled stack of sheets to give a patterned linoleum sheet. The invention further relates to a patterned linoleum sheet obtained by said method and the use thereof.
